TTY HOTLINE FOR DEAF CONSUMERS INSTALLED

The Consumer Product Safety Commission has installed a toll-free TTY hotline for deaf consumers who want answers to questions or informational materials about product safety. The number for everyone but Maryland residents is 800-638-2690. The Maryland number is 800-492-2938. The commission cannot handle medical emergencies or give legal advice. Nor does it handle inquiries about automobiles. All other appliances and products are covered, however. Because these numbers service both hearing and deaf consumers, the TTY caller should begin typing while waiting for someone to pick up the phone in order to alert the commission that this is a TTY call. The deaf consumer also can write to the commission in Washington, D.C. 20207 or have a hearing friend call for them and request a TTY return call from the commission.

ENERGY TIPS FROM JAMES HULL

"If you drive a car - check tire pressures regularly. Underinflated tires increase gas use. You can lose about 2% in fuel economy for every pound of pressure under the recommended pounds per square inch. Observe the 55 mile highway speed limit. Most automobiles get about 20% more miles per gallon at 55MPH than at 70 MPH.

"If just one gallon of gasoline were saved each week for every automobile in the country, we'd save about 5.2 billion gallons of gasoline in a year, or about 7% of the demand created by all our passenger cars."

FOR SALE...

CHARLES UMLAUF VISITS CAMPUS

To celebrate the arrival on Kendall Green of five bronze sculptures, an art loan from the Virginia Steele Scott Foundation, you are invited to a program with Sculptor Charles Umlauf on the afternoon of February 27, 1978. The program for the day will include a dialogue with the sculptor and film, "Umlauf Sculpting in Bronze," in room 352 Hall Memorial Building. A reception and exhibition of the bronze sculptures will follow in the Washburn Arts Building.

DIRECTORY CHANGES

--Harold Domich's home address was printed incorrectly in this year's directory. It should read, 3801 Kenilworth Ave. Apt. 209w, Bladensburg, Md., 20710.
--The correct address for Carol LaSasso is 300 Virginia Ave., Alexandria, Va., 22302.

WHAT DO YOU THINK????

Darla Howard submits...

"Once again, I received a standard mailing envelope 9" x 12" through campus mail containing one thin piece of paper. This could have been put in a U.S. Government Messenger Envelope (cost 8¢ each, and re-usable 38 times) and not in the 9" x 12" envelope costing 29¢ each. We lose a lot of trees this wasteful way."

Your comments are welcome.

HANDICAPPED AWARENESS DAY PLANNED

A unique workshop on Section 504 of the
Rehabilitation Act of 1973, sponsored by the
President's Office and the Planning Office
of Gallaudet, will be held on March 7 and 8,
in the Student Union Building. A panel and
group discussion on aspects of 504 and
their relationship to Gallaudet's objectives
will be held on March 8. Officials from the
Department of Health, Education and Welfare

community will participate.

March 7 is being planned as a day when
members of the campus community can become
"handicapped." Some will be blindfolded,
some in wheelchairs and some will simulate
deafness. All participants will be asked
to conduct their normal workdays and on
March 8 they will have an opportunity to
share their feelings with others at the
504 workshop.

ACTOR IN RESIDENCE

and discuss the subject of acting and the
theatre.

For the benefit of the campus community
a colloquium is being planned for March 23,
from 10:00 - 2:00. Details concerning this
program will be printed in a later edition
of On The Green.
